Dear ██████████

January 26, 1979

I am writing to you on behalf of the Political Science Society and the undergraduate student body of Yeshiva University. The University, which attracts students of diverse backgrounds from all over the United States, is the oldest and largest institution of higher learning under Jewish auspices. As part of our effort to gain a genuine and practical understanding of our system of government and in order to complement our academic studies with a practical view of politics in action, we are sponsoring a study tour of Washington early in the Spring '79 semester.

While in Washington, we will be meeting with representatives from the State Department, the Department of Energy, the American Petroleum Institute, the American Israel Public Affairs Committee, the Republican and Democratic National Committees, and several Senators and Congressmen among others.

As part of our trip, we would like to meet with people designated by you from the CIA to gain a better understanding of the role of the Agency in shaping government policy in general and America's energy policy in particular. Such a meeting would add immeasurably to the value and purpose of the study tour. We will be in Washington from Monday, March 5 through Wednesday, March 7. As per our conversation of Thursday the 25th, such a meeting would be scheduled for Wednesday, March 7 at 1:15 p.m. and would last approximately one and one-half hours. Thank you in advance for your invaluable time and assistance.

Sincerely,
